President's Message

Erica Hinckson

The president's message is available by clicking on the image below.

100 days to ISBNPA 2023

Travel

Prepare to travel before June 14 and leave on June 17 afternoon. Workshops and some dare2share sessions will begin on June 14 early Morning.

The scientific program will start on June 14 early afternoon and end in the mid-afternoon on June 17.

On Wednesday, June 14, afternoon, we will have the **Awards Sessions**; make sure you attend these sessions to learn from a short list of presentations that scored the highest in the review process.

Scientific Program

- Check your email inbox; all notifications were sent in late February.
- If you haven't received the notification
- Double-check your inbox (including your spam folder)
- Contact the [ISBNPA Secretariat](#) about any issues

We will have (well) over 1000 presentations at ISBNPA 2023:

1. Symposia - 60
2. Dare2Share - 9
3. Workshops - 11
4. Awards Orals - 34
5. Orals - 162
6. Short-orals - 270
7. Chaired Posters - 87
8. Poster (regular call) - 361

Registration

Register early to secure your place at the conference and seize the early bird discounted fee:

Early bird deadline April 14, 2023

- You can renew (or join) your membership and register for the conference in just one step
- The fee for the registration includes the ISBNPA 2023 Annual Meeting price + the ISBNPA membership for the year

Following our **Climate Action Initiative**, we ask you to include your carbon footprint calculation in the registration form.

- Please go to [this calculator](#) in advance to learn your carbon footprint.

Following our **Inclusive Culture Initiative**, we will ask you to consider making a donation during the registration process

- ISBNPA has already invested 15000 USD in the 2023 Pioneers program,
- The Pioneers research funding provides resources to conduct a study, and supports the registration and travel to Uppsala 2023

- We do not have more funds available for scholarships, but if you make your donation during the registration, all those funds will be applied to further Uppsala 2023 scholarships

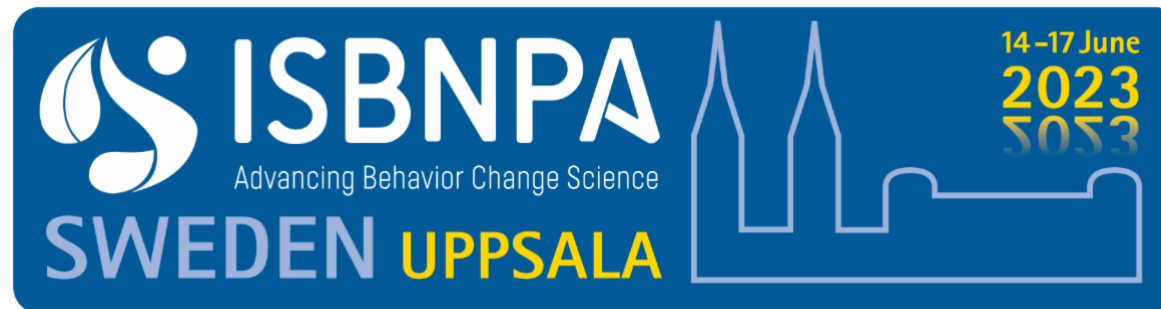

Where do the **registration fees go?**

Our sponsorship is small to avoid any conflict of interest.

Hence, the conference expenses are covered by the registration fee.

- Venue, food and audiovisuals costs
 - Students participants are heavily subsidised by the registration of the regular members
 - The Pioneers Program
 - The annual meeting secretariat
- Supporting the registrations
 - Abstract and scientific program management
 - Management of all the contracts and contacts

MEMBERSHIP

Strategic Plan

The ISBNPA strategic plan work is ongoing. We welcome the help from colleagues who applied for the funding created to support the strategic plan preparation and implementation workload.

Stay tuned for news throughout the year and *attend the highlights sessions* during the Uppsala 2023 meeting.

You can learn more about our strategic plan [[HERE](#)].

Planning a new SIG on Indigenous Research

We are developing an ISBNPA SIG for Indigenous research and forming an Indigenous Working Group to guide its development before ISBNPA Conference in Uppsala.

Working Group members will comprise international Indigenous voices, including Indigenous health researchers, practitioners, Elders, knowledge holders and community members.

If you want to learn more about this initiative and join the working group, follow this [[LINK](#)].

Election results

ISBNPA welcomes the new members-at-large:

1. Adewale Oyeyemi – Africa representative – 88 votes
2. Deborah Salvo – South America and the Caribbean representative – 74 votes
3. Scott Duncan – Oceania representative – 64 votes
4. Andrea Ramirez Varela – South America and the Caribbean representative – 57 votes

Their term will start in the next Annual Meeting, June 2023.

WEBINAR SPRING SEASON

The [ISBNPA webinar spring season](#) is on!
Learn more and register by clicking on the title of the webinar.

March 10, 2023, 1600 GMT

[Implementation and Scalability: Adaptations – understanding their impact and decisions to make adaptations](#)

- *Speakers:*

Student & ECR Spotlight

[Adriana Verdezoto Alvarado](#) is a 3rd-year Ph.D. Candidate at the University of Delaware. Adriana's main area of interest is the home food environment, but has learned about much more than that during the Ph.D. journey. "I have learned many unexpected things, and some of the most important ones have been learning about resilience while doing science. Opening (sometimes closed) doors and getting published takes much patience."

Are you our next student or ECRs to spotlight [on the NESI blog](#)? We're looking to feature members from all over the globe! [Fill out this form](#) if you're interested in being profiled.

Reach us!

Follow [@ISBNPA](#) on twitter and [#NESI_ISBNPA](#) for NESI-related messages on twitter, linkedIn, instagram or facebook. Any questions or comments? A publication to highlight?

[Email us](#) anytime!
Take care!
